The Word:

Did you know that a person that is a part of the family of God is our brother and sister no matter what that person looks like, where that person came from or how different the person seems to be! We can accept and play with those who are different . God will help us truly accept others and love them, even when it is hard to do. WE can always ask for His help!

“Accept one another, then, just as Christ accepted you, in order to bring praise to God.” Romans 15:7. Jesus help us to love all types of people!
