

# Boredom Busters & The Word! ~ Squeaky Clean ~

## What you will need:

**1/3 cup clean liquid dish soap**

**1 tablespoon cornstarch**

## Food coloring

Use Bathtub finger paints on the inside out outside of the bathtub to paint pictures and even play games like tic-tac-toe and hangman.

You can use this also as regular finger paint.

## How it's done:

1. Mix liquid dish detergent and cornstarch together in a small bowl until blended.
2. Pour the mixture, in equal parts, into several sections of ice cube tray.
3. Add 1 to 2 drops of good coloring to each section.

## The Word:

How do you feel after you get out of the bathtub? Do you feel squeaky clean? Jesus does the same thing for us. When we ask him to forgive us of our sins every part of us is clean.

Did you know that Jesus came to the earth to die for us so that our sins can be washed away? He loved us that much that he chose to do that!

For God so loved the world— that he died— so we could have life!
