

# DEEP FRIENDS

E-Votional  
2-5 year olds

A

Dolphins are actually members of the whale family. Even though they swim in the ocean they breath air through a special opening in their head. They have to come up to the top of the water to take a breath. They like to swim and play with other dolphins. Sometimes they even like to ride the waves like surfers do. If one dolphin is hurt the others will stay close to protect their friends.

How about you? Do you have a good friend that you like to play with? God gives us good friends so that we won't feel alone.

How has a friend  
helped you?

Can you count their  
Teeth? They are tiny!

## **What does God Say?**

**A friend is always loyal,  
and a brother is born to  
help in time of need.**

**Proverbs 17:17**
