

Faith and Fear....

The African impala can jump to a height of over 10 feet and cover a distance of greater than 30 feet. Yet these magnificent creatures can be kept in an enclosure in any zoo with a 3-foot wall. The animals will not jump if they cannot see where their feet will fall.

How often we can relate to this in our own walk with God? We feel like the Lord wants us to step out by faith- yet we fail to do what is needed because we don't know where it will take us. We let fear keep us bound and shackled so that we cannot reach our full potential in HIM.

Faith is the ability to trust what we cannot see, and with faith we are freed from the flimsy enclosures of life that fear allows to entrap us.
