

Friends Stick Together!

Jonathan was a prince, and David was a shepherd. They were best friends. Jonathan shared his armor with David.

Sometimes David came over to play his harp for Jonathan's father, Saul. Usually Saul liked David's playing but one day he got mad and threw his spear at David. He wanted to kill David. Jonathan knew that he had to warn his friend. Jonathan found David and told him.

He told David that no matter what they would always be friends. That night at dinner Saul was madder yet. He told everyone that he was going to kill David.

Jonathan made up a signal to warn David about King Saul's plan. Jonathan shot arrows far into the field to let him know that it was not safe for him to stay.

When it was time for David to leave, David and Jonathan told each other goodbye. David was scared, but he knew that God would be with him. Even though Jonathan and David were sad to leave each other they knew that they would always be friends. Have you ever had to leave a friend before? Did you know that Jesus is always with you?

Where is David?

Where is David?

Here I am

Here I am

Do you need my help friend?

Do you need my help friend?

Run and hide.

Run and hide.

Sing to the tune of "Where is thumbkin."

New ways to pray:

-As a family sit in a circle. Have each member say the following. Dear Jesus, thank you for my friends. I want you to help my friend _____ Thank you Jesus.

-While still sitting in your circle have each member of your family say a person's name that is older than them and younger than them. Pray for each friend

-This is something fun for you to do to remember your friends that live in the states. Think of all of your friends and write down a list. Now have your parents get you some craft beads. You will need one per friend on your list. Take a piece of yarn and put all of your beads on it. This is your new prayer rope. Pray for your friends every day!
