

I Will Follow

E-votional
July 21, 2008
Ages 6-11

I think it must have been so amazing to have been Noah. He was so obedient! By basically one meeting with the Lord he constructed a boat that was as long as 1 1/2 football fields put end to end. It was 45 feet high— or as tall as a five story building. It's windows probably ran the length of it. The door had to be huge to let in some of the big animals. It took Noah 120 years to build the ark. One hundred and twenty years to do a work that he received from God in one conversation.

Your parents are called to missionaries in your country all because of HIS tugging on their heart. I remember many times asking my Mom and Dad how they just “knew” that they were called to the Leeward Islands. They said they just knew because the Lord had spoken to their heart.

Now— how about you? Did you know that the Lord speaks to adults and to children? Think of Samuel when the lord kept calling him in the house of Levi. He has a work for you to do as well. Maybe He has placed someone in your life— a new neighbor, a person that goes to your local church and he has talked to your heart about them. You might be afraid to do what he is asking because you think it is just you. It's not. You have to do your part to just follow his plan. He will help you and give you the strength to do what he has asked you to do!!

The Spirit gives life; the flesh counts for nothing. The worlds I have spoken to you are spirit and they are life. John 6:63 NIV
