## Have no fear- The chameleon

I have always thought that chameleons changed color to protect themselves. You can't stomp on what you don't see. Actually, when a chameleon changes colors it is more likely because of a change in temperature or light, or maybe something really scares the wits out of him.

Just as fear can change a chameleon, there are times when fear can change us. Suppose you are in a situation where you are scared. Did you know that sometimes Christians want to blend in with non-Christians. They don't want people to know that they follow Jesus. They act like a chameleon. When their friends do things that doesn't make Jesus happy they don't stand up for what is right.

Remember to always do what Jesus would want you to do. Even though you are young you can be a great Christian! Choose to follow this scripture below to live a great life in Him!

**"Therefore, my dear brothers, stand firm. Let nothing move you. Always give yourselves fully to the work of the Lord, because you know that you labor in the Lord is not in vain."**

**I Corinthians 15:58**
