

Jungle Journey

The changing frog

You can hear a frog whenever you take a walk by the lake. If you get too close, you hear a series of splashes as frogs get scared and jump into the pond. At night, you may hear frogs singing you to sleep. Frogs are cute today, but they weren't always that way.

A frog starts out as an egg. Soon the egg changes and looks more like a football than a baseball. It hatches into something that looks like a little fish. Before long, the tadpole looks like a fish, then eventually it looks like a frog.

Just like the frog is transformed, God transforms us. We don't need to sprout powerful legs to jump with. We were born with them. The change that we go through when we know Jesus is even a huger change. When Jesus takes over our life he totally transforms us. He makes us a new person. Aren't you glad that you have Jesus in your life?

“Don't copy the behavior and customs of this world, but let God transform you into a new person by changing the way you think. Then you will know what God wants you to do, and you will know how Good and pleasing and perfect his will really is.”

Romans 12:2
