

LIFE POINT 8: HUMILITY

Do you know what it is to be humble? It is the opposite of being proud. Have you ever had a new toy and you want to show it off to your friends? Maybe you only want to hold onto it yourself. That is the opposite of being humble.

An animal that we think of that is proud is a peacock. The male peacocks love to strut their long pretty feathers— but did you know that those same feathers will attract tigers that are looking for lunch? Their pride can cause them to get hurt or even get killed.

The Bible tells us:

“ God opposes the proud but gives grace to the humble.”
James 4:6
