## The Blind Leading The Blind

“Jesus said, ‘For judgment I have come into this world, so that I the blind will see and those who see will become blind’” (John 9:39)

An eye surgeon once went to China as a missionary. He soon began practicing in one of China’s hospitals, and one of the first surgeries he performed was on a man who had been nearly blinded by cataracts. The operation was successful, and the man recovered his eyesight.

A few weeks later, the missionary was greatly surprised when 48 blind men showed up on his hospital’s doorstep. These blind men had walked more than 250 miles from a remote area of China to get to the hospital so that they might have their sight restored. They had traveled the entire distance by holding on to a rope that kept them all together.

And guess who held the front end of the rope and led them all the way? The man who had his eyesight by the missionary surgeon!

When we realize what God has done for us, we can’t help but want to share that good news with other people. As MKs with all that we meet what God has done for us!
