

MK SERVE-7

NOT EVERYONE IS BLIND

**“Each of you should look not only to your own interest, but also
to your own interest of others”
Philippians 2:4**

In his book *Lord, It Has Been One of Those Days*, Bob Brown tells of a pastor who visited an elderly blind lady who was a member of his church. It was during the Christmas season, and he noticed the Christmas trees in her house was brightly decorated with lights and ornaments.

He said to her, “Do you do this every year?”

Yes,” she replied, “this is one of the big things I do. I always look forward to it. My nephew always goes out and gets a Christmas tree, and then we go together we get the Christmas decorations out and decorate the tree.”

The pastor thought to himself, a blind woman with a brightly lighted Christmas tree?

He then indicated to her that he did not want to offend her, but he could not quite understand why a blind woman would want to have a brightly decorated tree and lights in the window.

The dear lady tilted her head towards him and said, “Pastor, not everyone is blind.”

As Mks we need to strive to reach out to others and not do things that are just going to make us happy. We should let our light shine for others.
