

# Students

# imagine

and you can go there

you are here

and you can impact there

and create change here

## DIY Touch the life of an MK - Student Ministries

### Do it:

Have each Student adopt a Student-aged MK. All on-site student MKs have Profile Sheets available at our website at [www.upwithmks.com](http://www.upwithmks.com). They can connect with these MKs on Facebook, WhatsApp, Instagram or Twitter.

While fund-raising for North American Youth Congress why not add another name to the list—an MK. Offer this scholarship to a Student MK and change their life. While at this convention the MK could meet your Student Ministry group and go to lunch or dinner with them. This is life changing for everyone involved.

Have a multi-cultural talent night where Students have to perform, cook, or show a talent that is popular in another nation. Have the proceeds from this event go towards sponsoring an MK to return to the US for their MK Retreat.

When missionaries visit your church with MKs who are Students, make them feel involved and a part of your Student Ministry. Have a couple of Students ready to greet them and sit with them in the service or classes they will be attending. Plan to have some of your Students take them for a special day around town. MKs are with their parents 24/7. This gives the MKs and their parents a retreat day!

### Send it:

① Send Birthday Cards and Gifts to MKs. For a complete list of MK Birthdays contact our office.

④ Make a "This is our Student Ministry" video to send to MKs. Have each Student say their name and something funny about themselves. As a group let the MK know you are praying for them.

② Send Christmas Cards or Gifts to MKs

③ When your Students connect to an MK on social media, send them updates about your Student Ministry. Send them dropcard codes from camps, youth rallies and other events in your district.

⑤ Find out which missionaries your church sponsors and send the MKs an iTunes offering. Have each student bring in a \$10.00 iTunes card to bless an MK with music. Have

Students make a "playlist" of their favorite songs. This helps MKs keep in touch with North American culture.

⑥ Have a postcard night. Fill the mailbox of an MK with a postcard from every member of your Student Ministry. You can either send postcards from your town or state, or order funny postcards from [amazon.com](http://amazon.com) or [dayspring.com](http://dayspring.com)

### Pray and Share it:

Become a prayer pal with a Student MK. Give each Student an MK Resource page to take home and pray over that MK. For a full list of MK names, nations, and birthdays email us at [info@upwithmks.com](mailto:info@upwithmks.com)

Give the Students an MK Prayer Map. Use this as a hands on tool to pray for student MKs. Give them a globe and have them find MKs—put their hands on the globe to have "hands on" prayer for them.

120 Have a 120 Night. Take a night in your Student Ministry to have prayer for the 120 MKs currently on-site. You can choose the amount of time that you want to pray over each MK. A downloadable powerpoint with each MK's picture, name, and country is available upon request at [info@upwithmks.com](mailto:info@upwithmks.com)
