DIY Touch the life of an MK - Ladies Ministries

For Bible Studies/Prayer:

Prayer Maps are a free tool that can be used in your prayer room or at home while praying for MKs.

Looking for an event idea? Celebrate your church's Partners in Missions as a ladies event and have an MK come as the guest speaker. We have a list of MKs that are in your area—most states have one within driving distance. You could have the ladies bring international foods and conclude the meeting with a time of prayer for all of your missionaries and MKs.

Lead women to discover what the Bible says about missions and missionary families. Download this interactive ladies' Bible Study that will get your ladies in the Word and praying for missionaries and MKs around the world. For further information go to www.upwithmks.com

For Foodies:

MKs that are in college love receiving baked goods, letters, and care packages. Since their parents are a continent away they don't get that "home-cooked" box filled with goodies baked by their Mom. Why not be a baking "Mom" and fill their mailbox with goodies from your oven to their heart? For a complete list of MKs in that age range please email info@upwithmks.com

Have an "Eat Your Way Around the World" night. Have your ladies cook recipes from different nations. Pray for the missionaries and MKs in those nations. Have a contest for the most tasty dish, most unique dish, and most creative table.

Host an MK in your church for Christmas or Thanksgiving. Why not host an MK that might be going to college in your area? To participate in this program please email info@upwithmks.com
